From the Principal's Desk

In the busy rhythm of school life, we often overlook the power of small actions. Kindness and compassion are the quiet strengths that shape a truly positive school environment. In the midst of lessons, activities, and achievements, it is often the smallest gestures that leave the greatest impact—a warm smile, a word of encouragement, helping a friend, or showing patience and understanding. These simple acts may seem small, yet they create a powerful effect, inspiring others to do the same. A school that values kindness becomes a place where everyone feels safe, supported, and motivated to grow. More importantly, the values students learn here extend far beyond the classroom walls and influence them to create such a society in the future. I encourage every member of our school to make kindness a daily habit and remember that even the smallest effort can brighten someone's day. Together, through thoughtful actions and caring hearts, we can build not only a better school but also a more compassionate world.

— Ms. Priyanka Dwivedi, Principal, NLK Inter College

Editorial Board Reflections

Being a part of the Editorial Board for Newsletter 4.0 has been a truly enriching experience for us. It taught us that teamwork is the foundation of every successful initiative. From planning content to coordinating with teachers and classmates, we learned how important cooperation, patience, and mutual respect are.

This journey helped us understand responsibility beyond textbooks. Meeting deadlines, editing content, and ensuring accuracy made us more disciplined and organized. We also gained a deeper insight into various school activities and the efforts behind them.

Most importantly, this experience boosted our confidence and leadership skills. We learned to express ideas clearly, take initiative, and work as a team with a shared purpose. Being part of the Editorial Board gave us a strong sense of ownership and pride in contributing to our school community.

— Anshika Sonker, 11C

Career Talk 2.0 – Shaping Future Pathways

Career Talk 2.0 was organized to guide students toward informed career choices. Industry experts from various fields interacted with students, sharing insights into careers in engineering, medicine, commerce, management, creative industries, and emerging professions. Students also learned about eligibility criteria, preparation strategies, and application processes, helping them plan their futures with clarity and confidence. The session was further enriched by the presence of eminent personalities including Mr. Shanker Goenka, Ms. Taba Hasan, Mr. Mayank Bajpai, Ms. Amiita Kalra, and Dr. Anand Handa. They shared their valuable experiences and guided students on career selection, future-ready skills, and the growing opportunities in fields such as Artificial Intelligence (AI). Their inspiring words encouraged students to explore their interests, stay curious, and prepare themselves for the rapidly evolving professional world.

— Avinash Shukla, 9C

Kathasangam 2.0

A celebration of culture and creativity 2026-27

Kathasangam 2.0 was presented with the inspiring theme "Phoenix of Sanatan," symbolizing strength, rebirth, and the timeless nature of Indian culture. The theme highlighted how Sanatan values continue to rise and thrive despite challenges.

Students delivered powerful performances portraying great personalities like Chanakya, Prithviraj Chauhan, Rani Padmavati, Chhatrapati Shivaji Maharaj, and Ahilyabai Holkar, showcasing wisdom, courage, and devotion. They also depicted significant cultural and historical themes such as the legacy of Nalanda, Vishvanath Parampara, and Ayudh Puja. The performances were engaging and energetic, with confident expressions and impactful dialogue delivery. Overall, the event beautifully celebrated India's rich heritage while keeping the audience captivated throughout.

STEAM & Science Exhibition

"Where curiosity sparks ideas and young minds create the future!"

The STEAM and SCIENCE Exhibition, held on 1st March, developed curiosity, creativity, and scientific thinking among students. It was an exciting event where students got the opportunity to show their innovative ideas and models. The Chief Guest, Mayor of the city, Mrs. Pramila Pandey, graced the occasion with her presence. Her presence added great encouragement and motivation among the students.

Many innovative and creative models were displayed at the exhibition. Some of the main attractions were- a Robot that could speak, move and welcome visitors at the entrance, a Model of an ATM Machine, a Vending Machine, Smart Spectacles for visually impaired people, and Sensor-based Spectacles for drivers designed to improve road safety. These projects showed how technology can make life easier and help us to solve real-life problems.

One of the most exciting part of the exhibition was the STEAM section. STEAM stands for Science, Technology, Engineering, Arts, and Mathematics. In this section, students used their imagination and problem-solving skills to design educational games and activities. These games were interactive and helped visitors understand scientific and mathematical concepts in a fun way.

Many visitors enjoyed playing the games while learning new ideas.

Overall, the event successfully showed that when curiosity, creativity, and knowledge come together, great innovations are born. It left everyone inspired and eager to continue exploring the exciting world of science and technology.

Holi Celebrations Colors of Togetherness

The festival of Holi was celebrated with great joy and enthusiasm at NLK INTER COLLEGE. The campus came alive with vibrant colours, laughter, music, and dance. It was a festival filled with fun, friendship, and festive cheer. The air was filled with the sweet scent of bhang and thandai, adding to the excitement. Besides this, the school also organized the Kala Utsav Prize Distribution Ceremony to honour the young stars of art. Students who showcased exceptional talent were awarded prizes and certificates. The ceremony not only celebrated achievements but also inspired everyone to follow their passion and creativity. The campus was buzzing with energy, smiles, and appreciation as everyone joined in the celebrations. It was a day where fun met achievement, and colours met creativity. The celebrations concluded with a grand cultural program, featuring energetic performances by students, making it an unforgettable day of joy, art, and togetherness.

CREATIVE CORNER – VOICES OF YOUNG MINDS

Poems

1: A Small Act

A smile you share, a hand you lend,
A moment given to help a friend.
You may not know the change you start,
But kindness leaves a lasting mark.

A gentle word, a caring deed,
Is often all that hearts may need.
For every act, both big and small,
Can lift a soul-or save a fall.

– Ashi Srivastava, 8B

2: Seeds of Kindness

I planted seeds of kindness today,
In words I spoke, in work, in play.
Some may bloom, some may hide,
But each one grows with love inside.

The world needs more than power or fame,
It needs warm hearts, not a selfish name.
For kindness sown, in thought and deed,
Becomes tomorrow's strongest seed.

– Pawni Gupta, 12D

Short Stories

1: The Extra Tiffin

Riya noticed her classmate Aarav sitting quietly during lunch. When she asked him, he admitted he had forgotten his tiffin. Without hesitation, Riya shared her food. Soon, others joined in. Aarav smiled-not because of the food, but because he felt cared for. That day, Riya learned that sharing a meal could also mean sharing happiness.

– Aviral Kesawarvani, 6A

2: The Broken Pencil

During an exam, Mehul's pencil broke. Fear filled his eyes. Before the teacher noticed, his bench partner silently passed him an extra pencil. No words were exchanged, yet trust was built. Mehul completed his paper confidently, realizing that kindness often speaks louder than words.

– Mahi Singh Chauhan, 11C

Student Articles

1: Kindness Begins With Me

Kindness does not require money or special skills. It begins with small actions- helping a friend, respecting elders, or listening patiently. When students practice kindness daily, schools become happier places. I believe that if each of us takes responsibility for spreading kindness, society will naturally become more peaceful and united.

– Smuti Jena, 11C

2: Small Efforts, Big Change

Many people think change requires big actions, but even small efforts can make a difference. Saying "thank you," encouraging someone who feels low, or standing up for what is right can change lives. As students, when we choose empathy over ignorance, we help build a better future for everyone.

– Ayushman Omer, 9C

Farewell Party – A Fond Goodbye

A joyful and heartfelt Farewell Party was organized for the outgoing students of grade 12, creating memories that will be cherished forever. The students were warmly welcomed by teachers with roli and chawal, symbolizing blessings and good wishes for their future journey. The celebration featured a lively ramp walk, energetic dance performances, soulful singing, and delicious food that added to the spirit of togetherness.

One of the highlights of the event was the selection of Mr. and Ms. NLK. Ms. Ashwita Gautam was proudly crowned Ms. NLK, while Mr. Rajdeep Shukla was honored as Mr. NLK. Adding to the joy, title tags were awarded to all students, appreciating their unique qualities and contributions. The event was filled with laughter, emotions, and gratitude, marking a beautiful farewell and wishing everyone success and happiness ahead.

– Netrika Deoligar, 9A

Republic Day Celebrations Patriotism in Action

Republic Day was celebrated with pride and patriotic fervor. Students dressed up as various freedom fighters, bringing history alive through their powerful portrayals. Cultural performances and speeches inspired students to value freedom, unity, and responsibility toward the nation.
